Dear Mr. John Jordan:

I wish to take this opportunity to thank you with you cooperation in connection with the demolition of the old Exchange Hotel in Downtown Montgomery.

The merchants were unhappy with the time of year selected for the demolition and your efficiency in handling this job made it more acceptable than it otherwise would have been. Your handing of dust control, pedestrian safety, auto traffic lanes, protection of adjacent structures and other problems clearly demonstrated your efficiency, expertise and cooperative attitude.

My thanks and congratulations on a job well done in the demolition of the old Exchange Hotel.

Sincerely,
