Attention: Mr. John Jordan  
General Manager

Gentlemen:

We wish to express our appreciation for a job well done on the recent demolition of our No. 1 Power Plant.

The Power Plant was located in a very congested area, bordering a busy street on one side, Plant's main feeder high voltage power line on one side, Plant's offices on one side, with only one side to work from. Your superintendent performed this job in a safe and effective manner without interruption of mill production.

Again, let us congratulate your company for a job well done.

Yours very truly,

MASONITE CORPORATION
